

Creek Setback Request

City of Orinda - Planning Department

Complete this form if you are considering a project on a property that contains a creek and you would like to request the City determine the applicable setbacks from the creek. Per Orinda Municipal Code [Section 17.4.6](#), there are four creek types in Orinda (Type I - Type IV) with setbacks ranging from 0-45 feet, measured from the top of bank.

A fee of **\$582** is due for this request. Once your request is submitted, staff will email you an invoice with payment instructions. Following payment, a staff member from the Public Works & Engineering Department will schedule a site visit to determine the type of creek and the applicable creek setback.

A request should only be submitted if you are considering a project and/or have project plans.

Creek Setback Determination Request

Property Address

38 Oakwood Road

Address Line 1

Project street address only, NOT mailing address. For example, 22 Orinda Way (no city, state, or zip code).
